

QwikCamp
RV PLUMBING WASTE SYSTEM

**RIGID AND
SOPHISTICATED**

Semi Permanent Sewer Connection Kit

Home Convenience on the Go

PROFESSIONAL PLUMBING SYSTEM - Fernco's QwikCamp RV kit provides the benefit of a sophisticated sewer waste system at the campground or out on the trail.

LEAK-PROOF PIPE CONNECTION - Powered by Fernco's global leading flexible couplings and fittings, this RV drain system provides a leak-proof, positive seal against infiltration and exfiltration.

STRONG & LONG-LASTING - QwikCamp is a rigid plumbing system that is built to last and can be removed and reused again and again.

EASY INSTALLATION - The QwikCamp RV system is quick and easy to install; simply measure, cut and connect.

KIT INCLUDES - Gate Valve Bushing, 4" x 3" Gate Valve Adapter, 90° Elbow, 3" x 3" Coupling, 3-in-1 Slip-Fit Cleanout Adapter, Pipe Cap and 18-Quart Plastic Storage Container.

*Kit Does Not Include SCH 40 PVC Pipe Or Pipe Stands

Installation is as easy as

Measure. Cut. Connect.

Water-Tight RV Connector

The QwikCamp Waste Bushing for RV Bayonet fitting + the 4" to 3" Adapter Coupling provides a leak-proof, water-tight connection. Install with a screwdriver, nut-driver or drill.

Rigid Yet Flexible System

The QwikCamp RV kit includes a flexible elbow and coupling for far reaching RV to sewer connections while providing a sophisticated heavy-duty plumbing system.

Universal Waste Connection

The 3-in-1 Slip-Fit Elbow Adapter provides the flexibility to connect to various cleanouts including 4" FIPT, 3.5" and 3" plastic inlets. Works with hard-to-reach angles and can even work with damaged threads.

QwikCamp

The convenience of home plumbing now at the campground

No clunky hoses. Strong rigid system. Reliable performance.
